

Clothesline baskets

90/14 or 100/16 universal or jeans needle

You need 3/16 inch cotton clothesline, mine was braided rather than twisted... - 100 feet makes a medium sized basket

I found some cotton rope at Canadian Tire and on line at Amazon.ca. You may be able to order in at Home Depot and Walmart. There was some suggestion that you might find it at the dollar store, but I didn't. Also check Home Hardware and Rona and an Ace in Lake Country....
