

September 2024 Block lotto: Potato Chip

Colourway:

Scrappy brights: ONE colour per block. Please make it as scrappy as possible and choose your modern fabrics.

Tutorial

Please refer to the attached tutorial for the process. The version for this block lotto uses the larger chips (2 ½" X 4 ½") so you only need 18 to make the block, and you stop at Clue 8. [Alamosa Quilter: Sew Along Update \(Photo Heavy\)](#)

Block size

Your block should measure 12 ½" by 12 ½" when you are done. A 12" by 12" finished block.

Block lotto parameters

Each block submitted on block lotto day (first meeting of the month) is worth one ticket. There are no limits on the number of blocks that a person may submit. The winner of the draw whose ticket was drawn receives all the blocks submitted. The exception is when there are an excessive number of blocks in the lotto and two or more winning tickets are drawn.
